FAMILY ENGAGEMENT FORUMS

CHILD BEHAVIOR: WHAT IS YOUR CHILD REALLY TELLING YOU?

Join Us!

The Great Falls Early Childhood Coalition presents to you the FIRST of FIVE forums in our 2019-2020 season. Child Behavior: What is Your Child Really Telling You? will encourage an informative and enlightening discussion revolving around what makes our kids OUR kids. Topics will include: causes of child behaviors, determining what is normal development, identifying the need for professional help, and the resources available in Great Falls. You will hear from a mental health therapist, medical provider, and childcare professional to offer varying perspectives from different lenses.

You WON'T want to miss this!
